 10-9-17 to 10-13-17

<p>Literacy</p> 	<p>Learning Targets: “I can compare and contrast within the same text and/or topic.” “I can decode unknown words in a text.” Students compare and contrast with characters and settings. Students can elaborate with detail. During reading, students will use decoding skills learned by breaking words into syllables to read unknown words.</p>
<p>Math</p> 	<p>Learning Targets: “I can add and subtract whole numbers in a word problem.” “I can add and subtract numbers with decimals in a word problem.” Students will stack whole numbers beginning in the ones column to add or subtract. Students will stack numbers with decimals, lining up the numbers at the decimal to add or subtract. Students will solve these through word problems.</p>
<p>Writing</p> 	<p>Learning Targets: “I can write about a personal narrative about me.” “I can create a captivating lead and hook to my personal narrative.” Students are writing a personal narrative about themselves. Students will develop an interesting and curiosity building introduction to their narrative using hooks..</p>
<p>Science/ Social Studies</p> 	<p>Learning Targets: Social Studies: “I can research information about one area of Native American culture. “I can read with a partner about Native American tribes.” Students will begin research on the history of the beginning of the US. Science: “I can see patterns in the sky.” Students will learn about stars and astronomy. Students will engage in discussions about how or why things in space happen.</p>
